About us

The Junior SIPP is one of several Hartley SIPPs that are each self-invested personal pension schemes established under one master trust deed and set of rules (copies of which are available on request) and registered in accordance with the Finance Act 2004. Each Hartley SIPP is provided and operated by Hartley Pensions Limited, a UK registered company under number 09469576 which is authorised by the Financial Conduct Authority (FCA) to provide regulated products and services. The trustee of the Junior SIPP is Hartley Pensions Trustees Limited, a UK-registered company under number 09962237. Hartley Pensions Limited and Hartley Pensions Trustees Limited have entered into a service agreement with Hartley-SAS Limited for the provision of day to day administration services relating to the Junior SIPP. Hartley-SAS Limited, a UK-registered company under number 06037774 will be your first point of contact in relation to the Junior SIPP ("the SIPP") - contact details are below.

Risk

Investments can fall as well as rise and as the registered contact ("you", "your") for the child you may find that the value of the SIPP does not meet your investment expectations. Past performance of investments is not necessarily an indication of future performance. You should also consider how long you are required to hold a particular investment and if this is suitable for your investment aims. If investing outside of the UK for example, you may experience higher dealing costs and may be subject to varying exchange rates. You should be aware that the investment/s you choose may pose a liquidity risk and you should consider the timespan of your investment/s and how easily you can disinvest should you wish to do so. **We do not give financial or tax advice under any circumstances.** We may be asked to pass on information to you from a particular investment platform; this information should not be construed as us giving advice or recommendations of any sort. With the freedom to choose investments comes responsibility; you should make sure that you are comfortable making investment decisions on behalf of the child. Please note that all of our SIPPs are denominated in British Pounds therefore you may experience bank charges when investing in products with a different currency. You may incur additional external charges depending

on the particular investment provider you choose. Our charging schedule is described below and also on our website, www.hartleypensions.com.

What is a SIPP?

A Self-Invested Personal Pension or SIPP is a tax-efficient investment vehicle through which you can invest in a wide range of UK and international investment products. A SIPP offers up to 45% tax relief on contributions. Any investment gains that arise from a SIPP are free from income, dividend and capital gains tax.

What is a Junior SIPP?

The Junior SIPP is a SIPP for children, with low fees. You can set one up on behalf of the child as soon as he or she is born. Although the child will have no relevant UK earnings, he or she will still benefit from the minimum pension contribution limit, currently £3,600 gross. For example, if you contribute £2,800 per year to the child's pension, HMRC will pay £720 in tax relief. Upon reaching the age of 18, the child's Junior SIPP will automatically be transferred to a Prosperity SIPP.

Who can open a Junior SIPP?

The person who has parental responsibility and who manages a Junior ISA is known as the 'registered contact'. We will only accept instructions from the registered contact. During the lifetime of the Junior SIPP, if a registered contact ceases to have parental responsibility for the child, they must inform us and a new registered contact must be appointed. The new registered contact must have parental responsibility for the child.
